

Dear Agent

Thank you for your continued support to Monash as we prepare to welcome the next intake of Monash English (Module 4) international students in November 2025.

We acknowledge that there remains uncertainty in the higher education sector, with visa processing delays still a major factor and a source of concern for students – and the agents that work with them.

To ensure that every student who wishes to undertake their Monash English course stays on track for their Monash University degree program, for those who are unable to arrive on campus by the end of Week 2 (Friday 21 November 2025), **we are pleased to announce that we will contact students who are in the pipeline for Module 4, intake 4B welcoming them to the Monash English Intensive Program, commencing Monday 8 December 2025 and finishing on 6 February 2026.**

This will occur in the Week of 24 November, after the late arrival cut-off date (Friday 21 November 2025).

If students do not have a visa in time for the Monash English Intensive Program commencement date of Monday 8 December, they will need to defer their studies or apply for an intermission of studies.

Kind regards

John Tang
