GUIDE

Your University

We are a university for the future – focused on making an impact in our world and yours.

We are built on the proven legacies of the University of South Australia and the University of Adelaide with an ambition for a new university that will create lasting careers and opportunities for contemporary learners and global citizens, with innovative research that shapes society.

Our ambitions

Member of the Group of Eight

Australia's leading research-intensive universities.

Top 1 % of universities worldwide

Aims to be sustainably ranked in the top 1% of universities globally.

Top in Australia for student employment

Aims to be sustainably ranked as the best university nationally for student employment outcomes.

Top 5 nationally for student experience

Aims to be sustainably ranked in Australia's top 5 universities for student experience.

Adelaide University's activities will contribute an estimated \$4.7 billion a year to the Australian economy.

“We fervently believe in the power of education and research to create vibrant communities and to address the multigenerational challenges before us. Adelaide University will drive a transformative agenda as a global powerhouse and world reference point for the delivery of excellence and equity.”

Professor Peter Høj AC and **Professor David G. Lloyd**
Co-Vice Chancellors, Adelaide University

We respectfully acknowledge the Kaurna, Boandik, and Barngarla First Nations Peoples and their Elders past and present, who are the Traditional Owners of the lands that are home to our campuses across Adelaide and South Australia.

A new major Australian University transforming education, research and innovation worldwide. Contemporary and comprehensive, Adelaide University is leading the way.

Launching Adelaide University

Adelaide University is a new purpose-built, future focused university. It will be the place for outstanding educators, researchers, thinkers, innovators and entrepreneurs. Graduates of Adelaide University will be among the most sought-after in the world.

Education and research can empower communities. Adelaide University will rise to the occasion by delivering nation-leading curriculum, exceptional student experiences, greater access to education, world-class research excellence and strong industry partnerships.

Our shared history

Adelaide University combines the strengths of the University of South Australia and the University of Adelaide.

University of Adelaide

Since its inception in 1874 as South Australia’s first established university, the University of Adelaide has maintained its

position as a social, cultural and academic leader. It has educated Nobel Laureates, produced Rhode and Fulbright Scholars and, in 1881, was the first to admit women to all degree courses on an equal basis to men.

University of South Australia

Established in 1991, the University of South Australia was formed through the union of previous institutions, schools and colleges that educated the State’s first teachers, artists and town planners dating back to the 1800s. It was the first Australian university to articulate graduate qualities in curriculum and the first to make a public commitment to reconciliation with our First Nations people.

The new Adelaide University will build upon these foundations as we educate the next generation of leaders, who will create their own world of firsts.

Launch timeline

May 2024

Adelaide University is registered as a higher education provider

Registration with the Tertiary Education Quality and Standards Agency (TEQSA).

June 2024

Adelaide University receives CRICOS registration

Registration on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

July 2024

Open for international applications

Adelaide University begins to receive international student applications.

January 2026

Welcome to Adelaide University

Adelaide University will officially open on 1 January 2026.

Welcome to Adelaide

Adelaide is an energetic capital city, well-known for its festivals, cultural life and sporting events. The city has a great mix of shopping, beaches, café culture, affordable student accommodation and is a welcoming and multicultural city.

Adelaide is one of the world's most liveable cities
Ranked 11th, 2024 Economist Intelligence Unit's Global Liveability Index.

Discover Adelaide

As one of the world’s most liveable cities, Adelaide is affordable and accessible. It is a city shaped by stories, the first of which were created by the Aboriginal Peoples of the Adelaide Plains, the Kaurna people. Adelaide is a celebration of diversity and inclusion with a strong sense of community.

The city balances the best of urban living with beautiful natural landscapes and a close connection to South Australia’s regions. From picturesque beaches such as Glenelg to long stretches of coastline in every direction, the rolling

Adelaide Hills, famous wine regions, and the beauty of Kangaroo Island, there is always something nearby to explore.

With an evolving skyline, urban renewal and reimagined precincts that feature brilliant hospitality, cultural and sporting institutions, Adelaide is the perfect host city for national and international events. It supports a culture that embraces technological opportunities in education, energy, space, advanced manufacturing, food and wine, creative industries and health services. Adelaide is the perfect city for curious minds.

Adelaide is one of the world’s best student cities

Adelaide ranked #28, QS Best Student Cities 2025.

Explore Glenelg, one of Adelaide’s many beautiful beaches, only 30 minutes from the city centre by tram

World-class facilities

Our purpose-built facilities are modern and equipped with industry-standard tools and technologies, helping you become career-ready.

Our research focus

You will benefit from a curriculum that is informed and influenced by our research strengths and our research institutes, allowing you to study the most current practices and global trends. Adelaide University’s partnerships and collaborations are designed to drive transformational initiatives and foster research excellence.

We aim to become Australia’s most industry-engaged university and use our resources to discover solutions for global challenges so we can help build a better world. Adelaide University aspires to be sustainably ranked in the top 100 universities globally for research.

Mechanical Engineering Workshop

A collaborative teaching space where engineering students can explore full-cycle manufacturing processes.

Plant Accelerator
State-of-the-art plant growth and analysis facility.

EXTERRES
Extraterrestrial Environmental Simulation Laboratory. Designed to simulate off-Earth Environments.

Flight Simulator
A 737 Next Generation flight simulator equipped with the latest technologies to simulate real flying conditions for aviation students.

Exceptional student experiences

You will be part of a rich and engaging university community with opportunities to develop your employability so you can help shape the future and thrive in a rapidly changing world.

Your time at Adelaide University will empower you with the skills to transform yourself, your community and the world. Our holistic and integrated approach will ensure your educational experience is accessible and inclusive.

Your student experience will include:

- Industry connection for a relevant and real-world education to help you succeed in the workplace.
- Individual flexibility for your unique needs, learning preferences and personal goals.
- Intuitive and engaging digital experiences.
- A focus on place, culture and community, developing a global outlook while being enriched with Aboriginal knowledges and perspectives.
- Supporting and empowering you to succeed on your own terms, no matter your background.

Our commitment to students

We are united in our commitment to empower students to become the best they can be. We will do this by:

- recognising every student as unique
- making our students feel welcome
- embedding and honouring student voices
- delivering equity in all that we do.

Student life

You will have access to dedicated support services and a vibrant campus life, so you can truly thrive. This includes clubs and societies, volunteering, events, counselling, disability support, international student support, student wellbeing, career services, student representation, and more.

Accommodation

Adelaide has a variety of accommodation options to suit your budget and lifestyle. Explore the range of accommodation on offer and contact us if you need information or advice.

adelaideuni.edu.au/why-adelaide/accommodation

Public transport

Adelaide has a number of free tram and bus services throughout the city. As an international student in Adelaide, you will also be offered the same public transport discounts as local students, saving you hundreds of dollars each year.

Affordable living

Ranked as one of the world's most liveable cities (#11 in the 2024 Economist Intelligence Unit's Global Liveability Index), Adelaide is a great place to study. You'll have access to one of the highest standards of living in the world in a city that is one of the least expensive.

For information and resources on costs of living, please visit: studyadelaide.com

Scholarships

Adelaide University is committed to providing educational opportunities for international students by offering a range of scholarships.

Adelaide Academic Excellence Scholarship[^]

A scholarship rewarding students with a passion for academic excellence where recipients will receive a 50% tuition fee waiver for the duration of their degree.

Adelaide Emerging Leaders Award[~]

A scholarship supporting students who show leadership through high academic achievement where recipients will receive a 25% tuition fee waiver for the duration of their degree.

Adelaide Merit Scholarship[^]

A scholarship for students dedicated to their academic achievement where recipients will receive a 15% tuition fee waiver for the duration of their degree.

Adelaide Global Alumni Scholarship[~]

A scholarship honouring alumni who are making significant contributions globally and locally, where recipients will receive a 10% tuition fee waiver for the duration of their degree.

Adelaide Partner Award[~]

A scholarship recognising excellence in students from Adelaide University partners, where recipients will receive a 10% tuition fee waiver for the duration of their degree.

For more information and to explore the full terms and conditions for each scholarship, please visit our website: adelaideuni.edu.au/study/scholarships

[^] To apply for this scholarship, you will need to complete an application form and apply by the advertised closing date. Applications will open in 2025 and will be assessed by a panel and based on merit.

[~] You will be automatically assessed when applying for an eligible undergraduate or postgraduate degree at Adelaide University.

Pathways to study at Adelaide University

A university pathway can better prepare you for your academic studies at university. Pathway programs help you develop the required level of language and independent study skills needed for successful university study, while also providing a supportive environment where friendships can be developed with both international and Australian students.

There are a number of different pathways into Adelaide University, including on-campus options through our preferred providers - The University of Adelaide College and The South Australian Institute of Business and Technology (SAIBT).

You should consider your options and select the best pathway for your individual situation. For more information on Adelaide University's pathways, visit adelaideuni.edu.au/study/pathway-providers

English Language Centre

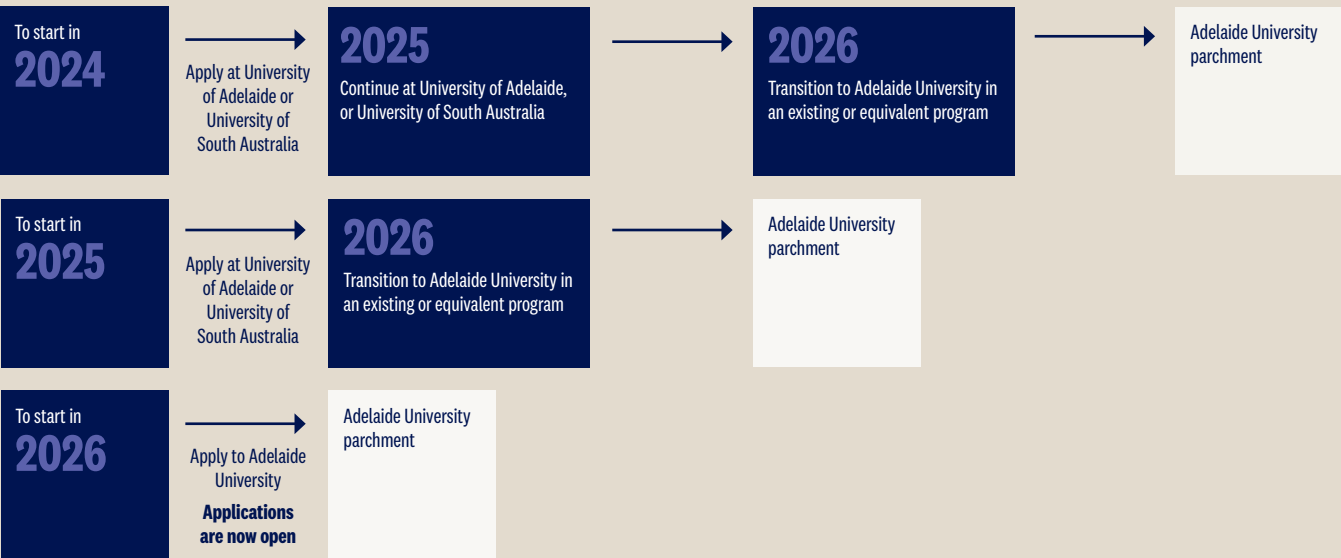

Adelaide University's English Language Centre (ELC) provides outstanding academic and general English programs and English teacher training services for international students and groups.

Academic English PEP Pathway

Adelaide University offers an academic English pathway for students who have not met their degree's minimum English language entry requirements. This is a direct-entry pathway into most degrees at Adelaide University. The length of the program depends on the applicant's English proficiency test score.

Most students who successfully complete the Pre-enrolment English Program (PEP) at the required level do not need to sit another English test before entering their University degree. The PEP is offered in lengths of 10, 15, 20, 25, 30 and 35 weeks. For more information on PEP, visit: adelaideuni.edu.au/study/pathway-providers

The student journey transitioning to Adelaide University

How to apply

We're here to guide you through our application process

Find the degree you wish to apply for and make sure you meet the following:

- Academic entry requirements
- English language requirements

If you are not eligible for direct entry, you may be able to study with one of our pathway providers and receive a packaged offer to gain entry to Adelaide University. Take a look at the charts on pages 20 - 27 to explore some of our current degrees on offer. You can also visit our website for new degrees which will be added as we get closer to our launch in 2026.

adelaideuni.edu.au/study

Step 1

Application

Apply through one of the University's official Education Agents, or via our online application system at: adelaideuni.edu.au/study/international-students/find-an-education-agent/ Please make sure you provide all supporting documentation at the time of application to avoid delays.

Find an Education Agent

For a full listing of our Education Agents and their contact details, visit: adelaideuni.edu.au/study/international-students/find-an-education-agent/ Depending on your country of citizenship, you may be required to apply through one of our Education Agents.

Step 2

Application assessment

All applications will be assessed and if successful, you will receive your offer directly by email or via your official Education Agent. Successful applicants will receive the following:

- Offer of Admission
- Acceptance Form
- Terms and Conditions
- Refund Information
- Study Plan (if credit/advanced standing has been awarded).

Step 3

Accept your offer

- Read and agree to all Terms and Conditions.
- Complete and sign your Acceptance Form.
- Arrange payment of your Acceptance fee as per the information provided in your Offer of Admission. Your Acceptance fee includes your first tuition payment, Overseas Student Health Cover (OSHC) and English language studies fees (if applicable). Payment must be made via the International Admissions System portal.
- Provide a copy of the Personal Details and signature section of your passport.

Step 4

Confirmation of Enrolment

After receiving the completed acceptance documentation, the University will send you, or your Education Agent, a Confirmation of Enrolment (CoE). You, or your Education Agent, will use the CoE to apply for your Australian student visa. If you hold an alternative visa which allows unlimited study rights that do not require a CoE to apply for an Australian Student Visa, you can confirm this at time of acceptance.

Step 6

Enrolment

Prior to orientation, you will receive information about your University username and password. Once enrolments open, you will be able to log in to the University website and enrol.

Step 5

Obtain an international student visa

You, or your Education Agent, should lodge a complete student visa application as soon as practical after receiving your CoE. If you applied through one of the University's official Education Agents, they will lodge your visa application on your behalf. If you do not have an Education Agent, you can apply online directly to the Department of Home Affairs. For more information visit: immi.homeaffairs.gov.au/check-twice-submit-once/student-visa

Step 7

Prepare for departure

It's time to make travel arrangements and book your airport pickup and temporary accommodation if required. The University will offer a range of pre-departure support services to help you prepare for your Adelaide arrival. You can also consider your accommodation options by visiting: adelaideuni.edu.au/why-adelaide/accommodation

Step 8

Arrive in Adelaide and attend orientation

Make sure you plan to arrive in Adelaide in time to attend your Orientation at Adelaide University. Participation in this program will help you get to know Adelaide and your new campus. You will also have the chance to meet staff and other students and make friends before commencing your studies.

We look forward to welcoming you to Adelaide University.

Transformational teaching and learning

Adelaide University is a place for lifelong learners, thanks to our comprehensive and contemporary curriculum. Our teaching approach is shaped by our partnerships with industry, and we have built work integrated learning into our degrees. Our learning practices are supported digitally while also being internationally connected and reflective of our research. We are ready to respond to skills shortages that are central to economic growth and the improvement of communities globally.

Our study areas

Our comprehensive suite of degrees will produce career-ready employable graduates, from all walks of life, aligned to disciplines and jobs in future areas of demand, including:

- Accounting, Commerce & Economics
 - Animal & Veterinary Science
 - Architecture & Design
 - Arts
 - Aviation
 - Business, Marketing & Management
 - Communication & Media
 - Engineering
 - Health & Biomedical Sciences
 - Information Technology
- Mathematics & Data Science
 - Medicine & Dentistry
 - Nutrition & Food Science
 - Nursing
 - Property, Construction & Real Estate
 - Psychology & Social Work
 - Science, Environment & Sustainability
 - Teaching & Education
 - Tourism, Sport & Events.

More study areas will be progressively released including areas such as: Aboriginal Languages, Allied Health, Agriculture, Creative Arts, Law, Music, Midwifery and Oral Health.

The Adelaide Attainment Model

Learning is a lifelong journey, and a quality education lays the foundation for your future success. With this in mind, Adelaide University has designed the Adelaide Attainment Model to guide our approaches to teaching and learning.

We strive to offer Australia’s most accessible, contemporary and future-focused curriculum. Making a quality university education more accessible than ever before whilst ensuring all our students, regardless of their starting point, are set up for success in their studies and beyond.

Stackable degree structures

Our modularised curriculum and stackable degree structures give our students greater flexibility, choice and opportunity to make their study work for them. Stackable degree structures provide students with multiple entry pathways into their chosen degree, easier credit transfer between degrees, and nested qualifications enable students to progress through their studies at a level that works for them.

Students can also build a digital portfolio of their academic and extracurricular achievements throughout their studies by receiving award and non-award digital badges that recognise the holistic learning experience.

Flexible academic calendar

The student experience is front-of-mind for us, which is why courses at Adelaide University are delivered in 10-week blocks. This delivery mode provides our students with greater flexibility and opportunities for study-life balance.

Digitally rich learning environment

Learning at Adelaide University is supported by a digitally rich, fit-for-purpose learning environment. Providing students with adaptable access to learning materials and resources, AI technologies, interactive analytics, and mobile responsiveness.

Integrated learning in industry

Work-integrated learning is built into our degrees, providing our students with countless opportunities to develop and hone their professional skillset. Students will put their learning into practice in real-world, industry settings via internships, placements, community projects, volunteering and global study opportunities.

Graduate qualities

Lifelong learning is a core attribute of an Adelaide University graduate. We aim to develop graduates that are curious, innovative, ethical, strategic problem-solvers, trusted communicators, progressive thinkers and global citizens. Our graduate values include respect, excellence, integrity, professionalism and compassion.

Common core

Universal common core courses are built into all of our degrees, and designed to equip our students with the interdisciplinary knowledge they need to succeed in the modern workplace. Our common core curriculum spans First Nations knowledges, data knowledges, ethical knowledges, extra-human knowledges and cultural knowledges.

Embedding First Nations knowledges

First Nations knowledges are meaningfully embedded into all curriculum through careful and purposeful collaboration with Elders and Aboriginal Communities and Knowledge Holders. Cultural safety, strengths-based approaches, and centering Aboriginal voices and ways of knowing, being and becoming are emphasised and integrated across all our study areas.

The Adelaide Academy

The Adelaide Academy provides a wide range of intercurricular, co-curricular and extracurricular activities for our students across areas such as personal discovery, equity and social change, innovation, leadership for the future, and widening perspectives as well as additional mentoring and work-integrated learning.

Prerequisites and Assumed knowledge

- Note 1** Knowledge of mathematics is a good background for Commerce courses. SACE Mathematical Methods or above or equivalent is essential for certain electives within this degree.
- Note 2** SACE Stage 2: Mathematical Methods (or IB: Mathematics: Applications and Interpretations (HL) or Mathematics: Analysis and Approaches (SL)) to support the mathematical rigour needed for the computer science discipline.
- Note 3** Two Science subjects including:
- Any one of SACE Stage 2 Chemistry, Mathematical Methods, Specialist Mathematics, or Physics (or equivalent); PLUS
 - Any one of SACE Stage 2 Biology, Earth and Environmental Science, Chemistry, or Physics (or equivalent)
- Note 4** High proficiency in written and spoken English.

- Note 5** SACE Stage 2 Mathematical Methods (or equivalent). A minimum GPA of 4.0 is required for applicants using higher education qualifications.
- Note 6** Any one of SACE Stage 2 Biology or Chemistry or Mathematical Methods (or equivalent). OR Equivalent University courses
- Note 7** Any one of SACE Stage 2 Biology or Chemistry or Mathematical Methods (or equivalent)

Admission entry notes

- Hong Kong - HKDSE** Best five subjects’ aggregate. Convert the Subject Level / Grade to a score using the scoring: 5** = 6, 5* = 5.5, 5 = 5, 4 = 4, 3 = 3, 2 = 2, 1 = 1, UNCL = 0. Category A subjects must be minimum Level 1 pass, with Level 3 required for pre-requisites. Category C subjects scored using UK A Levels grading scale.
- India - CBSE & CISCE** Best 4 subjects, including English - excluding Physical Education, local language and other non-academic subjects (full list still to be determined).
- India - State boards** Acceptable State Boards: Andhra Pradesh Board of Intermediate Education, Gujarat Secondary and Higher Secondary Education Board, Karnataka Department of Pre-University Education, Kerala Board of Higher Secondary Education, Maharashtra State Board of Secondary and Higher Secondary Education, Punjab School Education Board, Tamil Nadu Board of Higher Secondary Examinations, Telangana State Board of Intermediate Education, West Bengal Council of Higher Secondary Education.
- Malaysia - UEC** Best 5 academic subjects. Convert the grades to a GPA using the scoring: 1 = A1, 2 = A2, 3 = B3, 4 = B4, 5 = B5, 6 = B6, 7 = C7, 8 = C8. Scores from General Paper or language subject are excluded from the calculation.
- Singapore - GCE Advanced levels** Aggregate of the best 3 H2 subjects. Convert the H2 grades into a score from 1-5, where: A = 5, B = 4, C = 3, D = 2, E = 1. 1 x H1 subject can be accepted at half the value. Pre-requisites must be at H2 level.
- Sri Lanka - A Levels** Aggregate of the best 3 subjects. Convert the A Level grades into a score from 1-5, where: A = 5, B = 4, C = 3, S = 2, F = 0.

Prerequisites and Assumed knowledge

Note 8 Knowledge of mathematics is a good background for many courses in this program.

Note 9 Master of Architecture (2-year): GPA 4.0 (or equivalent) and a Portfolio is required for applicants with an international bachelor degree in Architecture (or equivalent) (3–5 years). Master of Architecture (3-year bridging): GPA 4.0 (or equivalent) and a Portfolio is required for applicants with a domestic or international bachelor degree in a cognate program (3–5 years).

Note 10 Assumed knowledge in the Australian Curriculum subject areas used for entry to the program is required.

Glossary

Assumed knowledge Knowledge that is assumed a student will have before commencing a degree. Teaching will proceed on the assumption that students enrolled in the degree have such knowledge.

Campus The grounds of a university or other institution of higher education.

Confirmation of Enrolment (CoE) An official document issued by Adelaide University to international students to confirm enrolment status as required by the Australian Government for student visa holders.

Core course Courses that are required for the completion of a degree and/or a major.

Course A component of study of a degree assigned a unit value.

CRICOS Commonwealth Register of Institutions and Courses for Overseas Students.

Degree An approved combination of courses and other requirements (where relevant) in which a student is enrolled which, when completed, leads to the conferral of an award.

Discipline A field or area of study, e.g. engineering, architecture, nursing.

Education Agents International applicants applying to Adelaide University can apply with assistance from an Adelaide University official Education Agent.

Elective course A non-compulsory subject that may be chosen as part of a program of study.

Education Services for Overseas Students (ESOS) Act The ESOS Act sets out the legal framework governing delivery of education to international students in Australia on a student visa. The Australian Government, through the Department of Education, administers the ESOS Act and its associated instruments.

Extra admission requirements Requirements in addition to the specified qualifications, needed for a student to be accepted into a particular degree, e.g. audition, interview, portfolio submission, University Clinical Aptitude Test.

Full-time study A standard full-time study load consists of 48 units per academic year, or 24 units per semester. International students holding a student visa are required to complete within the duration specified on their Confirmation of Enrolment.

Grade Point Average (GPA) The GPA is the average of the grades obtained in all courses, weighted by the unit value of each course. If enrolled in more than one degree, there will be a Degree GPA for each, calculated using the final grades for the courses associated with each degree.

International English Language Testing System (IELTS) An internationally recognised test for English language assessment.

Indicative annual tuition fee The indicative annual tuition fee quoted in this guide is based on the standard full-time enrolment load of 48 units per year or 24 units per semester. These fees cover the cost of teaching and the cost of student support services. The quoted fee is reviewed on a yearly basis. Prospective students should be aware that their fees may increase each year and that they are liable for these fees upon acceptance of their offer. Each student will be advised of their fee schedule in their Offer of Admission to the University. All fees listed are in Australian dollars (AUD\$).

Lecture Oral and audio-visual presentations designed to convey critical information and theories.

Overseas Student Health Cover (OSHC) Compulsory for prospective and current international student visa holders undertaking formal studies in Australia and for their dependents (including spouses and children under 18).

Part-time study Any study load that is less than 75% of a full-time load, or 18 units a year. Note that under current Australian student visa regulations, part-time study is only permitted for international student visa holders if they are studying in accordance with a personalised study plan. International students on an Australian Student visa are required by the Department of Home Affairs to complete within the specified duration of their Confirmation of Enrolment (CoE). Part-time studies may be permitted in compassionate and compelling circumstances, with approval by the University.

Pre-enrolment English Program (PEP) A direct entry pathway English language program for students who have not met the entry requirements for their chosen degree.

Prerequisites Courses that must be successfully completed before another course may be undertaken.

Selection rank A score that is given to a program and used as part of the admissions process.

Tertiary Education Quality and Standards Agency (TEQSA) TEQSA regulates and assures the quality of Australia’s large, diverse and complex higher education sector, guided by the Tertiary Education Quality and Standards Agency Act 2011 and Higher Education Standards Framework (Threshold Standards) 2021

Test of English as a Foreign Language ibT (TOEFL) – an internet based internationally recognised English language test.

Tutorial Small, weekly classes led by a tutor or lecturer, where students discuss issues relevant to a particular course.

Unit Numeric values assigned to an individual course, reflective of student workload.

International flight times

- Bangladesh (Dhaka) / 16.5 hours
- China (Guangzhou) / 9.5 hours
- Hong Kong / 12.5 hours
- India (Delhi) / 13.5 hours
